HOME DEPARTMENT

Sir,

98558 9/5/53 pp5-7 infra

I am enclosing herewith a copy of a letter which I have addressed the Inspector General of Prisons, Madras, wherein I have requested him to kindly release two of the Barracks buildings in the Bellary Cantonment area for the use of our College as a Hostel for our College students as quarters for a few members of the College Staff. This request has been necessitated by the fact that the new permanent buildings of our College, into which we are shifting in June next, are situated at considerable distance from the Bellary town and there are no suitable buildings for Hostel and Residential purposes anywhere near in that locality. The nearest big buildings to us are these barracks, which lie close to the College campus, and which are now mostly occupied in a staggling fashion by the employees of the Alipuram Jail and possibly by some other. Good portions of each of these buildings are lying vacant, although all the buildings seem to be occupied. By making the occupants of any two of these buildings occupy the vacant portions in the remaining buildings, it will be easily possible to release them for the use of the College.

I have suggested to the Inspector General of Prisons to relaase the two buildings nearest to the College campus either in the form of

1) a gift to the College by the Government,

or 2) a sale to the Management of the College for the explict needs of the College,

or 3) a lease to the College for a period of atleast two years either free of rent or on a fair rent.

The buildings themselves have a dilapidated, ill-kept appearance and seem to have been in a negelected condition for a long time. As such, even by gifting two of them to the College, the Government would not be a loser to any great extent; and the College on their possession will have to undertake the task of repairing and renovating them to a considerable extent.

May, I therefore, humbly request you to kindly help us in seeing that our modest requested is granted, thereby furthe the cause of higher education in this so-called backward district? If the buildings -- only two, those nearest to the College campus -- are gifted to the College, nothing would be more desirable. If this is not possible, atleast as a last resort they may be kindly leased to us free of rent for a period of two years.

Thanking you and begging to be excused for all the troubl I am giving you, and with respectful regards,

I remain

Yours faithfully,

Sir,

Sub:- Barracks in Bellary Cantonment Area - Use of two of these buildings by the Veerasaiva College, Bellary, for Hostel and Residential Purposes - Requested.

The Veerasaiva College, Bellary, is being shifted now to its new buildings in the Bellary Cantonment area, and an urgent need is felt for suitable buildings near the College precincts to house the College Hostel and to provide accomodation for a few members of the Staff. Since there are no suitable private buildings anywhere near this locality, I am commanded to approach you and request you to kindly allow us the use of two of the barracks buildings nearest to the College Campus.

In making this request, I am aware that almost all the buildings in these barracks are occupied by the employees of the Alipuram Jail and their families, and also probably by some others. But, I find that considerable portions of each of these many buildings are lying vacant. So, by making the occupants of any two of these buildings occupy the vacant portions in the other buildings, it might be possible for you to kindly allow us the use of them for the purposes mentioned above, ---- those nearest the College Campus being naturally preferred by us.

The College is prepared to take up these two buildings under any reasonable conditions you might be pleased to stipulate. If the Government kindly make a gift of these two buildings to the College, as it has done in the case of the land in which the new

College Buildings now stand, the Management of the College and the entire public of the District would be so grateful. If this is not found feasible at present, the question of selling these two buildings to the Management for the purposes mentioned above may also be kindly considered. If neither of these two requests can be conceded at present, I request that the question of leasing these two buildings to the College either free of rent or on a fair rent for a period of two years atleast may be kindly and favourably considered.

I need hardly point out that this is the only College serving the needs of higher education in this entire district, and, as such, a kind and favourable consideration of this request is earnestly solicited.

The College re-opens in its new buildings on the 28th of June next, and atleast a week before that, the necessary provision for a Hostel to accomodate atleast 100 students and a few members of the College Staff will have to be made. Further, these buildings require some repairs and alterations before we can make them fit for the use we have in view. Hence, I request that you may be pleased to take an early decision in this matter, and kindly communicate the same to me.

Thanking you, and hoping that your decision will be favourable to us, and, therefore, to the cause of higher education in this educationally backward district,

I remain

Yours faithfully,

Sir,

Sub: Buildings - Alipuram Jail, Bellary - Allotment of Jail buildings to Veerasaiva College, Bellary regarding.

Ref: Government memo No.98558 Prs.II/53-1, Home, dated 12-5-53

115483

With reference to the Government memo cited above, I have to state that the staff quarters of the Alipuram Jail, Bellary, consist of five barracks of 77 quarters, out of which three barracks have been allocated to the Alipuram Jail and Borstal School, Alipuram, and the other two barracks have been allocated to the Junior Certified School, Bellary. The three barracks, which consist of 50 quarters, have been occupied by the warder staff and petty officers of the Alipuram Jail and Borstal School respectively. As the strength of the warder staff and petty officers, is 75 vide particulars, given below*, such of the warders as are natives of Bellary, are allowed to reside in the Cowl Bazaar Area, which is nearby the Jail. The remaining two barracks are occupied by the staff of the Junior Certified School, Bellary, including the Head Master, and a branch post office, with the exception of 5 quarters, which are occupied by the Ministerial staff of the Alipuram Jail and Borstal School. A statement, showing the particulars regarding the number of quarters in each of the barracks with the name of the occupant and his designation, is enclosed for favour of information. In this connection, I may add that if the two barracks, requested for by the Principal, Veerasaiva College, are allotted to the College, alternative accommodation has to be provided for the occupants of those two barracks, which is very difficult to get in close proximity of the jail. Further, the presence of the warders and petty officers in the vicinity of the Jail and Borstal School respectively, is very essential for obvious reasons. In the circumstances explained above, I have to state that it is not possible to give away the two barracks, requested for by the Principal. I may add that when he addressed this office in the matter, I have informed him that his request cannot be complied, as the buildings were required for our needs.

He has also reported that he has informed the Principal that his request in this regard cannot be complied with.

2. In the circumstances explained by the I.G. of Prisons above, it may not be possible to spare the buildings under present conditions as the Jail, Borstal School and Certified Schools are using the buildings. The case relates to the request of the Principal, Veerasaiva College, Bellary for the allotment of two of the Barracks Buildings in Bellary for the use of the College

Previous notes from 'M' on p2 ante may be perused. As it may not be possible to spare the Buildings under present conditions since the Borstal School and Certified School at Bellary are using the Buildings it is proposed to leave such an important decision to the Mysore Govt. which will take over the institutions. Education, P.W Rev and Fin have agreed

The case may be circulated for orders whether 'S' above will be approved.
